## ORR Musical to Make-a-Wish

By Adam Silva

ORR senior Chelsie Nectow, who is fresh off her starring role in ORR Drama Club's *Thoroughly Modern Mille*, is putting her talent and love of theatre into her last high school assignment. She's starring and directing in *Adventures in Love* and using it as her Senior Project. *Adventures in Love* will be presented on Thursday, May 7 and Friday, May 8 at 7:30 pm in the ORR Auditorium.

"It's about all different sorts of love," said Ms. Nectow. "Elements of love such as friendship, breakups, psycho ex-girlfriends, a woman who looks back on the loves of her life, and friends who secretly love each other. Two of the characters, Joey and Susanna, are lifelong friends. He loves her, and she pretends she doesn't know until finally the issue is revealed. There are many different stories throughout the show: some stories last for only a song, while others last for a song and a scene, and some last throughout the whole show. Some of the songs such as "Revenge" directly relate to the theme of the show,

**Above:** The Mattapoissett Youth Baseball League opened their 2009 season with a parade down Route Six on Saturday morning, May 2. More photos on page 62 as well as in our photo gallery at [www.wanderer.com](http://www.wanderer.com).

**On the Cover:** It's a busy time of year in the TriTown with events including the musical "Adventures in Love" this Thursday and Friday at ORR. Shakespeare's "The Tempest" was performed at Rochester Memorial School and the Dixie Diehard's played at the Marion Art Center this past weekend. Despite the rain there was a huge turn out for the Mattapoissett Youth Baseball season opener. More photos on pages 60 & 61 as well as in our photo gallery at [www.wanderer.com](http://www.wanderer.com).

and "Taylor the Latte Boy," which is just goofy and silly."

The show has been in rehearsal for four weeks. The unpublished show debuted in Dallas and Chelsie worked backstage while her father was the Stage Manager and her mother was the Box Office Manager. Ms. Nectow is joined by fellow classmates Koby Williamson, Holly Cardoza, Jillian Zucco, ORR alum and current UMass Dartmouth student Aaron Valente, and New Bedford Voke student Stephen LaCombe.

As it is her Senior Project, Chelsie has been involved in every facet of bringing the show together, from casting, advertising, acquiring the rights, learning how to design lighting, set design, costumes, hiring people for the sound crew, and "finding someone to find someone to hire the orchestra." She firmly states that she could never have done this alone.

"I have learned so much from this one experience," said Ms. Nectow, who will be attending Elon University in North Carolina in the fall. "The most important thing I learned is that it is impossible to put on a full-scale musical by yourself. No one should even try it. And I'm the last person that ever asks for help (laughs). I knew I wanted to do a show for my senior project for a long time now and why not a pick an old favorite? It has turned out amazingly well. We actually have a larger tech crew then cast."

### *Shakespeare's Alive* **Tempest Lands in Rochester** By Adam Silva

The May 1 production of *The Tempest* marked the 21<sup>st</sup> year that Rochester Memorial teacher Danni Kleiman has brought the works of William Shakespeare to the fifth and sixth graders of the school. Each January, 20 to 30 students are cast in works such as *A Midsummer Night's Dream*, *The Taming of the Shrew*, *Romeo and Juliet*, *Twelfth Night*, *Macbeth*, *Much Ado About Nothing*, *The Merchant of Venice*, *The Comedy of Errors*, *As You Like It*, and *Hamlet*.

"This is the second time I've done *The Tempest*," said Ms. Kleinman. "Every time I do a Shakespearean work, I try to add something new and different to it. The sets and costumes are very different from last time. I tried to add more physical humor to it as well. I added lines back into the play that I took out before. We really added to the visual portion of the show with adding black lights and using the fog machine as well."

Ms. Kleiman was not alone in the creation of the play, as RMS teacher Jody Church designed and created the sets, and parent Kate Tarleton created and designed the costumes. RMS alumni from ORRJHS and ORRHS volunteer to direct the backstage action along with some

of the RMS students. Members of the school staff, as well as parents and other community members, pitch in to help construct sets, help with makeup, and set up refreshments.

"A few things went wrong during the dress rehearsal, but I don't think that the audience noticed," said Ms. Kleiman. "Some of the actors flubbed a few lines, but they recovered really well. One of the characters knocked over a tree, but the character was supposed to be drunk, so it fit really well."

It seems that RMS students take their craft rather seriously. Years back, a sixth-grader was asked if he would like to audition for the television show, *Zoom*. He replied: "I can't do television; I'm a Shakespearean actor!"

## **Diehards Play the MAC**

**By Robert Chiarito**

The Dixie Diehards, the band of New England Yankees with the New Orleans soul, returned to the Marion Art Center on Saturday evening, May 2, performing their brand of authentic big river jazz and blues to a houseful of appreciative music fans. Billed as a Spring Cabaret by the Art Center, the Diehards took the audience on a riverboat ride down the big muddy to New Orleans for an evening of some of the finest Dixieland this side of the Mississippi River or the Mason Dixon Line.

"I'd like to thank all of you Celtic fans for coming out tonight and missing the game," vocalist Rick Foster told the audience shortly after the band finished their first number then adding, "Oh yes, all of you Red Sox fans too." Competing against both the Sox and a Celtics play-off game seven, the Diehards held their own on this night in Marion drawing a near capacity crowd for their fourth trip to the Art Center in just over a year. The people who made their way to the corner of Main St. and Pleasant St. on Saturday evening were treated to a nice little evening on the town, compliments of both the musicians and the venue. The Marion Art Center took reservations for parties of four or more for the tables nearest the stage and allowed patrons to bring their own food and beverages giving the room the feeling of a big city dinner club. The band provided the dessert as they piled on a healthy helping of smoked jazz featuring many popular American songs from the first half of the twentieth century mixed together with a few rare chestnuts culled from the tradition of the New Orleans deep and rich musical heritage.

While the Foxboro based band played many of the standards that they have become known for as they have made their way across New England over the last several years, they also gave their listeners something new as they dedicated the second half of their show to the music of Fats Waller much to the delight of the audience. The nine piece ensemble, which includes Marion's own Bill Kieswetter on the piano, have become not only a regular part of the jazz circuit in Massachusetts and New England, but have also become great friends of the

clothes people wore and the food they ate in Early Rochester were different from today. Betty Beaulieu showed pictures and talked about the several elementary schools that were scattered around town. Henry Hartley had several artifacts from the local Native Americans, while Cindy Underhill had information about the early cranberry industry. Finally, Sue LaFleur had a display on Eastover Farms at its heyday as a gentleman farmer's paradise.

The students spent time at each station listening to each speaker's presentation and looking over the historical artifacts that were displayed to make history come alive. Their teachers had prepared them with information about Rochester, and the class has already visited Plimoth Plantation as part of their curriculum. All of the teachers at the RMS work diligently to make the students' education as relevant as possible, and programs such as these are able to bring resources into the school that might not be readily available to the students.

This program is presented in conjunction with the 3<sup>rd</sup> grade curriculum of RMS with the hope that the students will come to appreciate the history of their

### Rochester Selectmen's Meeting

May 4, 2009

By Sarah K. Taylor

A Meeting of the Rochester Board of Selectmen was called to order on Monday May 4, 2009 at 7:00 pm by Chairman Richard Nunes. Also present were Selectman Bradford N. Morse, Selectman Naida L. Parker and Town Administrator Richard LaCamera.

The minutes from April 27, 2009, both regular and executive meetings, were approved by the Board.

The Selectmen's signatures were required for the Appointments dated May 4, 2009. Selectmen Parker offered to be the Selectmen's Representative for the Veteran's Council. This passed, as did the Flammable Fluids permits, also dated May 4, 2009.

Two members of the Board of Assessors attended the meeting with questions about the Town Meeting Warrant. They were concerned that the elected official's salaries had not increased the 2% that they should have. This was amended in the Town Warrant.

Another question had to do with their allotted

overtime, which was set at zero, as were all the other department's overtime line items, except the Building Inspector's overtime, which was set at \$500.00. After explaining that the budget has cut back extra expenses, Mr. LaCamera offered, "If you need to, ask for a transfer." He also stated that "there is no overtime." The Board of Assessors was directed by the Board of Selectmen to talk with the Finance Committee about the matter.

This issue prompted the Board of Selectmen to reconsider the necessity of the building inspector's overtime of \$500.00, which they would like to amend to an amount of zero, with the Finance Committee's approval.

Lastly, the Board of Assessors brought up article 8 in the Town Warrant, the personal property tax exemp-

tion for farm animals and equipment article, which they had initially drafted, and in which their wording had been altered. The article also did not properly follow the Department of Revenue guidelines and was, therefore, withdrawn from the Town Warrant.

At 7:30 pm two members from the Finance Committee arrived to review the finances for the fiscal year 2010. With only two members present, the committee was unable to vote at the meeting; however, the full committee had already gone over the Town Warrant.

The overtime question was raised and agreed upon. Article 2 was approved, even with the slight changes from earlier in the meeting regarding the 2% increase. Generally, the Finance Committee representatives and the Board of Selectmen agreed on the articles.

Next, each article was voted on individually by the Board. Article 2 was approved as presented during this meeting. Articles 3, 4, 5, 6 and 7 were recommended as presented. Article 8 was withdrawn. Articles 9, 10, 11, 12, and 13 were recommended as presented. No action was taken on article 14 yet. Articles 15, 16, and 17 were recommended as presented, and the rest were referred to the Planning Board.

Finally a letter from ORCTV was read aloud which detailed their commitment to covering the Tri-Town area's Selectmen's meetings, but which also raised their concern about Rochester deciding to hold weekly meetings. This presented a financial constraint for them,

the Planning Board on Monday night approved both the Special Permit application (for a reduction in the required setback from the street) and the Site Plan for the coffee and doughnut shop to be located at 450 Wareham Street at the site of the former L'Auberge restaurant. Present at the 7:15 pm meeting in the Conference Room of the Marion Town House were Chairman Joseph F. Napoli, Co-Chairman Peter F. Winters, Members Julia Deane Crowley, Stephen C. Gonsalves, and Patricia A. McArdle, Board Clerk Jay Ryder and Secretary to the Board Debra E. Paiva. Board Member Thomas R. Magauran was absent for the second week in a row.

The primary item on the agenda for the meeting was to discuss and deliberate on the applications filed by the Sardinha Family Trust, which were filed nearly 10 years ago, although they have been substantially amended over the long history of the controversy. Also present at the meeting were Leo T. Scarry, Esquire, the attorney for the applicant, and Mr. Jack O'Leary, Senior Project Manager with Merrill Associates, Inc., the registered professional engineers and land surveyors employed by the applicant. Mr. Fernando Sardinha, Trustee of the Sardinha Family Trust, who had been a fixture at previous Board meetings on the application, was not in attendance.

After Chairman Napoli announced that the proceedings and the official record had been closed as of 3:00 pm on Thursday, April 30, and that all comments and materials received by the Board had been entered into that

record, the Board proceeded to discuss first the Special Permit. "I have, to assist the Board, drafted both a Special Permit decision and a Site Plan approval decision, with conditions, based on the 2006 application," Mr. Winters told the Board.

The Board then began a line-by-line review of the draft Special Permit decision, focusing first on the Findings of the Board, which were as follows: (a) the site is located in a General Business zoning district; (b) the lot is in compliance with current zoning requirements of the zoning district; (c) the proposed fast food restaurant will be a coffee/donut shop; (d) the prior use of the site was for a restaurant; (e) a traffic study was done as part of this application; (f) the project will bring new jobs to the town;

(g) the project will reinvigorate a site that is currently underutilized; (h) the project will decrease storm water outflow from the site; (i) the proposed building will make the site fit more with the Town's architectural design guidelines; (j) the construction of the project will provide a tax benefit to the Town; (k) the reduction in setbacks will allow for a site plan and building that will fit with the neighborhood and the town; (l) the site plan will make the structure less intrusive; (m) the Board considered the settlement agreement entered in to by the Zoning Board of Appeals with the applicant, as well as the site plan approved by the ZBA as part of that settlement; and (n) during the course of the public hearing the Board considered all of the requirements of Section 7.2 of the bylaw with special consideration given to traffic flow, safety, and neighborhood and Town character. Additionally, the Board carefully considered all aspects of the project and found that the adverse effects of the proposed use will not outweigh its beneficial impacts to the town or the neighborhood.

Among the highlights of the Conditions included in the Special Permit are the following: (1) the color palette of the building must be consistent with the neighborhood consisting of Cape Cod style buildings with gray and white colors, or with a tan or sand color and white or off-white trim, all colors subject to approval by the Planning Board; (2) all signs must be consistent with the Sign Bylaw (restricting the site to two signs) and no sign shall contain any coffee cup logo or pictogram; (3) the sign on the front of the building shall be gold leaf lettering on a dark red background; (4) no neon or flashing lights will be installed or displayed; (5) the trash management plan originally submitted in 2006, and resubmitted as part of the pending application will be adhered to at all times; (6) deliveries of paper products by semi-tractor trailers

### **Jay Gould, DVM**

#### **Insect Bites**

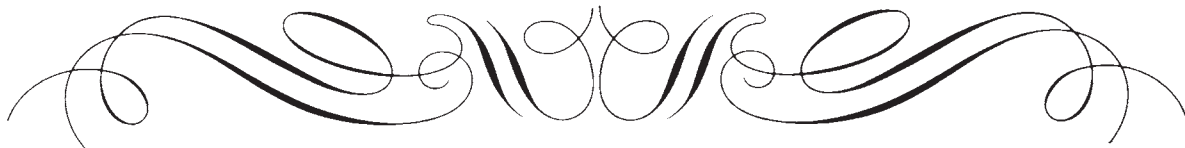

*My dog came inside from his run with a number of 1/2 inch red marks on his belly that were shaped like bullseyes. Are these from deer tick bites? Does it mean that he will get Lyme Disease?*

Because of the mild winter, this spring has been especially bad for black flies and biting gnats. These are the small flies that circle your head in the morning and evening. When they bite a dog, usually on the belly and ears where the hair is thin, they leave a characteristic bullseye shaped mark.

*Is there a way to prevent him from being attacked by these flies?*

Try putting Avon Skin So Soft on the areas that have a thin hair cover. Other insect repellents containing DEET may not be safe on your dog. Use them very sparingly, as on the ears only.

At the conclusion of the line-by-line review and discussion, and after hearing comments and questions from members of the public, Chairman Napoli polled the members of the Board as to whether they would be willing to vote on the Special Permit Application and the Site Plan Application at that time. All five members present indicated to the Chairman that they were prepared to vote, and on a motion by Mr. Gonsalves to approve the Special Permit as amended, seconded by Mr. Winters, the Board voted unanimously to approve the Special Permit Application. Then, on a motion to approve the Site Plan Application by Mr. Gonsalves, and seconded by Ms. Crowley, the Board unanimously approved the Site Plan Application.

The finalization of both decisions was projected by the Board to be within the next several days, with six voting members signing the Special Permit Approval, and the Chairman signing the Site Plan Approval on behalf of the Board. Thereafter, the law provides for a 20-day period for any appeals of the Board's decisions, once they are signed and have been filed with the Town Clerk.

### **Marion Selectmen's Meeting** *May 5, 2009*

**By Ricky A. Pursley**

The Town of Marion Board of Selectmen and Water/Sewer Commissioners met at the Marion Town House in the Conference Room at 7:00 pm on Tuesday, May 5, 2009. Present were Chairman Jonathan F. Henry, Selectmen Stephen M. Cushing and Roger F. Blanchette, Town Accountant Judith A. Mooney, Town Counsel Jon Witten, Esquire, Public Works Administration Superintendent Robert C. Zora, and Town Administrator Paul F. Dawson.

The meeting was called to order by Mr. Henry, and the minutes of the April 7, 2009 and April 21, 2009 meetings were approved unanimously as rendered.

The Board then considered changes to its "Water and Sewer Commissioner's Policy for Re-allocated Nominal Wastewater Flows," to be effective May 6, 2009, and specifically a new subsection (5) of paragraph 3 of that Policy. Paragraph 3 defines projects that meet the definition of "public interest". New subsection (5) reads: "projects that, in the Commissioners' sole opinion, preserve open space by encouraging the re-use of existing structures and clustering of new development while maintaining neighborhood character and historic development patterns." After discussion, the Board unani-

mously approved the change in the Policy as noted.

The Board then moved to a presentation from Mr. David Davignon of Schneider and Associates, representing Mr. John Ludes regarding his proposed property subdivision on Converse Road. Mr. Davignon informed the Board that Mr. Ludes had "revised his sewer applications, and submitted three new applications for three new stubs, and submitted a plan for sewer connections to serve all of the subdivided property." The proposal would include a total of 35 bedrooms among the six subdivided parcels, with a sewer flow of 110 gallons per bedroom, for a maximum allowed flow of 3,850 gallons. Three of the resulting parcels will have new homes built on them. After discussion, the Board voted unanimously to approve the Ludes

sewer connection plan, subject to the approval of the further division of the lots by the Marion Planning Board.

Ms. Mooney and Mr. Zora then presented a water and sewer rate study update to the Board. "Expenditures really have not changed," Ms. Mooney said, "and we are right on target with most of those line items." Ms. Mooney told the Board that "no sewer rate increase is seen as necessary for the next five years." Mr. Blanchette asked "So neither Phase 2 nor Phase 3 is going to change our rates?" Ms. Mooney said that that was correct, and that "there will be no additional water and sewer rate changes. The costs for Phase 2 and Phase 3 have been calculated into the rates already." Mr. Dawson told the Board that "we appear to be right on target. A rate adjustment could come in 2013, but possibly not even then." Chairman Henry indicated his pleasure with the report and the efforts to maintain the rates: "We used to give away water, but now at least we are recapturing our costs."

The Board unanimously approved the appointment requested by the Parks Committee of Susannah Davis to the Committee.

The Board also unanimously approved water commitments in the amount of \$1,795.80, dated April 27, 2009, and \$3,883.68, dated April 27, 2009.

Requests for the following all-alcohol licenses were approved unanimously by the Board: Sippican Tennis Club, May 30, June 12, August 7, and August 28, 2009; Beverly Yacht Club, May 2, 2009; and Marion Social Club,

Annual Town Meeting presentations were divided among the three Board members.

A request to use Bicentennial Park from the Marion Art Center was deferred until the next regular meeting to allow Mr. Dawson time to resolve complaints by the Marion Art Center regarding its event held in the summer of 2008.

The Board unanimously approved a request for extension of entertainment time by Tabor Academy for its outdoor dinner dance on Saturday, June 13, 2009, scheduled from 6:00 pm to 11:00 pm. Correspondence received from the Board of Selectmen of the Town of Norton, Massachusetts was reviewed. The letter sought support for the Town of Norton's effort to have certain regulations of the state Department of Housing and Community Development related to the calculation of Subsidized Housing Inventory, and Mr. Dawson was directed to prepare a letter of support for the signatures of the Board.

Mr. Dawson provided the Board with an update on the new police station project, and noted that a Request for Proposals was due to be issued on Wednesday, May 6, 2009, as the final plans for the new station have been completed, and the required approvals of the Marion Planning Board and the Zoning Board of Appeals have been obtained. Contractor bids will be due by June 2, 2009, and subcontractor bids will be due by June 16, 2009. Mr. Dawson said that a large number of bidders are expected due to the economic condition of the construction industry. He told the Board that the previously discussed add/alternates, the basement of the new station, and the Emergency Operations Center/training facility have been included in the Request for Proposal, as it is believed that both can be constructed within the approved budget for the new station.

The Annual Town Meeting is scheduled for Monday, May 18, 2009, at 6:45 pm at Sippican School.

Ms. Carol Sanz of 110 Front Street reminded the Board that there will be a Candidates' Night on Monday, May 11, 2009 at Sippican School. At 7:00 pm, candidates for public office will have the opportunity to speak. At 8:00 pm, the warrants for the Annual Town Meeting will be discussed.

The Board noted that the Marion Tree Warden will hold a Public Hearing on the plans of NSTAR to cut down 123 trees in the Town. The Public Hearing will be

Regional, which is also wired with the necessary equipment. ORCTV said that its Board took this action due to budgetary, equipment and personnel constraints.

The Board also noted correspondence from two Marion residents regarding dog bites suffered by their children at the Point Road Playground. The dog in question, and its owner, according to Mr. Dawson, has been identified, and they are from the Town of Wareham. Mr. Dawson noted that it was determined that the dog had received the necessary rabies vaccinations, but only after the children were subjected to the precautionary rabies shots and antibiotics. Mr. Dawson told the Board that he will follow up on the matter with Police Chief Lincoln Miller, to see what can be done to prevent further dog bites by this dog. Mr. Blanchette said that a clear message should be sent "that we don't want this dog in our town."

The Board also received the Town's 2009-2010 assessment from Plymouth County for the Plymouth County retirement system in the amount of \$539,360. This is an increase from last year's assessment of \$522,172 of \$17,188. Under state law, the Town must pay one-half of its assessment by July 1, 2009, and the other half by January 1, 2010.

The Board adjourned the public session in order to go into Executive Session for the purpose of discussing contract negotiations with non-union employees of the Town and to discuss collective bargaining with union employees of the Town at 8:42 pm.

## **ORR Aiding Across the Universe**

**By Olivia Mello**

"Amor y Vida" ("Love and Life") is an orphanage in San Pedro, Honduras that cares for thirty children who have been diagnosed with AIDs. Cristiana Pineda, a 2008 graduate, first visited the orphanage during her junior year of high school. It was while staying at her grandmother's house in Honduras that her father's cousin asked if she would like to take a trip to the "Amor y Vida." Cristi, having much interest in medical research as well as fundraising projects, jumped right on the opportunity. Immediately after her visit, she was determined to find a way to help the children.

A Styrofoam garden has been constructed and placed in the front lobby, outside the main office. Here, students and staff may pick one or more flowers. Each flower has a different material to be donated written upon the petal. Some of these include Frisbees, paddleballs, softballs, jump ropes, markers, pens, paper, puzzles, nail polish, etc. Cash donations may also be contributed. "I can't tell you how far even the smallest bit of kindness goes for these kids because they have so little," Cristy explained.

This will be Cristiana's second year running the fundraiser. Donations should be dropped off to Mrs. O'Brien, Mrs. Reese, Mrs. Boiling, Stephanie Barcelos or Ally Hoikala in the high school. Cristi will be collecting the donations after the conclusion of her freshman year of college and delivering the supplies personally to Honduras during the upcoming summer.

In other upcoming activities, Old Rochester Regional High School will be holding its sixth annual "Earthfest" on May 22nd from 4-7 p.m. The event will take place on the ORR Track and Field, where several entertainment acts will be presented. This year's schedule will include performances of their band, "Tem Blessed," by Savannah Mello and Katie Robinson (who are known to blow away the crowd with their talented guitar playing and singing voices), as well as a few other local bands. Pizza, candy, baked goods and beverages will be sold, and a moon bounce will be there for all to play on.

cost \$10 each, all owners will receive free admission into the event. They are encouraged to keep the income they make unless, of course, they choose to donate their profits to the event itself (which would be greatly appreciated). Club members hope to collect a fun crowd of people together who will lay back, relax and celebrate the world that is taken for granted much too often.

The high school's National Honor Society has also been working towards helping out the environment by selling large, sturdy, reusable grocery bags. The bags cost \$2 each. Last year, the school was able to raise nearly \$600 through this particular project. All proceeds will be given to those in charge of the new Rochester playground, as they have been in the past. Any parent, guardian, friend or family member who wishes to purchase a bag may send the money to the school with a student, who will be able to buy the bags in the front lobby throughout the academic day.

Both the **Old Rochester Girls Tennis team** and the **Old Rochester Girls Track team** continued their winning ways over the past week, with each team remaining undefeated on the season. The two South Coast Conference leaders did not just win, each of the two teams were dominant as they continued to distance themselves from the SCC pack.

The Lady Bulldogs Tennis team began the week with a 5-0 win at Wareham on Monday, April 27 losing only seven games in the entire match. ORR followed up Monday's win with another 5-0 whitewashing, this time at home over Seekonk High School on Wednesday, April 29. The Bulldogs found Seekonk to be a bit more competitive than the Vikings were as both number-one **Amy Heacox** and number-three **Vanessa Bay** were extended to three sets before emerging with their wins. The doubles team of **Tara Middleton and Hope Anderson** was the Bulldogs best weapon for the week as the pair did not drop a single game during their two wins. ORR is now 8-0 on the season and 7-0 in SCC play.

The Old Rochester Girls Track team is now 5-0

## Wanderer Keel Awards

*The Wanderer* is once again pleased to announce  
we are now soliciting nominations for our sixteenth an-  
nual "Wanderer Keel Awards." The yearly community  
service honor — which is presented to one resident from  
each of the three central towns in our circulation area —  
will be announced in our **May 28, 2009** issue and each  
winner will be the subject of a short feature highlighting  
their contributions to the local community. But *The Wan-  
derer* needs your help in selecting these "unsung heroes."

The requirements are simple. Nominees must be  
legal residents of Mattapoisett, Marion, or Rochester (at  
least five years), and must have contributed in some way  
to the overall benefit of the community — either directly  
to town residents, or indirectly through efforts in promot-  
ing town activities, or working to keep the wheels of local  
government well-oiled. The only restriction is that these  
persons cannot benefit from their efforts in any other way  
— either financially or politically (hence, sitting elected  
officials are *not* eligible).

In doing this, we hope to applaud those who  
are rarely recognized for their countless hours of service  
and focus on the many people "behind the scenes" who

### Letters to the Editor

#### To the Editor:

To read the laments of Mr. George Randall in the April 16 issue of The Wanderer, one would believe that a walk through Town Hall would be filled with moaning and gnashing of teeth from visiting town residents. While I do not visit our seat of government with any great regularity, every visit I have made resulted in dealing with happy smiling faces.

I refer in point to the Tax Collector's office, where there is always a smile and a pleasant "Good morning, may I help you?" No one likes to pay taxes, but in Mattapoisett, at least there is a staff who tries to make it as painless as possible. On the way out stop by the Town Clerk's window and get another dose of smiles and "Have a nice day." I like our town hall... but I have only lived here for 36 years.

*Sincerely,*  
Edward Camara Jr.  
A Mattapoisett taxpayer

## Public Health Announcement

A public health fact sheet prepared by the Massachusetts Department of Public Health has been widely circulated throughout the Tri-Town area. This fact sheet can also be accessed on the Massachusetts Department of Public Health website ([mass.gov/dph/flu](http://mass.gov/dph/flu)) as well as the town specific websites of Marion ([marionma.gov](http://marionma.gov)), Mattapoisett ([Mattapoisett.net](http://Mattapoisett.net)) and Rochester ([townofroches-termass.com](http://townofroches-termass.com)).

The Center for Disease Control website ([cdc.gov/swineflu](http://cdc.gov/swineflu)) has several pieces of useful information. For example, at this website people can find an up-to-date tally of confirmed cases in the United States as well as information regarding the national response to the swine flu threat and practical information to help people avoid catching or spreading the illness at this time.

The CDC and Mass. DPH websites are updated frequently and are excellent sources of information that people should be aware of and utilize if they have questions. Local public health boards can also be a source of information should someone lack Internet access. **NOTICE OF CLASS ACTION**  
**COMMONWEALTH OF MASSACHUSETTS**  
**Plymouth Superior Court**

KIM DELEO, FRANCIS HAGGERTY, and EARL CORNISH, on behalf of themselves and all others similarly situated, Plaintiffs,

v.

BOUCHARD TRANSPORTATION COMPANY, INC., TUG EVENING TIDE CORPORATION, and B. NO. 120 CORPORATION, Defendants

Civil Action No. PLCV2004-01166-B

---

*A court authorized this notice. This is not a solicitation from a lawyer.*

This is a notice of a class action lawsuit concerning a 2003 oil spill in Buzzards Bay. This notice is to inform you of the case. If you are a member of the class described below, you have a right to appear in these proceedings pursuant to Mass.R.Civ.P. 23(d).

In a class action, one or more people, called "class representatives" (in this case, Mrs. Kimberly DeLeo, Mr. Frank Haggerty and Mr. Earl Cornish), sue on behalf of people who have similar claims. All of these people together are a "class" or "class members." The resolution of the case, whether it is by settlement or court judgment, resolves the issues for all class members.

The Massachusetts Superior Court for Plymouth County has certified this case as a class action, and the class is defined as including:

*All persons who, as of April 27, 2003, had an interest in residential real property located in the Town of Mattapoisett, Massachusetts, which property allegedly was damaged as the result of the negligent operations of the Tug Evening Tide and oil being released or discharged from the barge B-120 into Buzzards Bay, which release or discharge commenced on April 27, 2003, and/or from the subsequent effort to clean-up said release or discharge. Excluded from this class are the defendants, any subsidiary thereof, their officers and directors as well as any judge presiding over this matter at any time and any of the judge's family members.*

Plaintiffs in this case claim that the class members' residential real property was damaged as a result of the oil spill caused when Defendants' barge ran aground in Buzzards Bay, and/or as a result of the subsequent cleanup efforts. Plaintiffs seek money damages and other relief from Defendants for themselves and other members of the class, for alleged damage to their residential real properties and/or their lost use of it. This case does not include any claim for personal injury.

The lawyers representing the class in this case ("Class Counsel") are Martin E. Levin, Esq. and Nora J. Chorover, Esq., Stern, Shapiro, Weissberg & Garin, LLP, 90 Canal Street, Suite 500, Boston, MA 02114, telephone: 617-742-5800 ([www.sswg.com/buzzardsbay](http://www.sswg.com/buzzardsbay)).

The case is presently awaiting trial. You are not required to do anything at this time, though if you are a member of the class, you have a right to appear in these proceedings. If you have any questions, you may contact Class Counsel at the above address or through the above website. Please do not contact the Court.

**"Ain't Misbehavin'" at the Zeiterion**

Starring 2003 "American Idol" winner and recording artist Ruben Studdard along with Frenchie Davis, "American Idol" contestant and star of "Rent" on Broadway, this 30th anniversary tour of the Tony Award-winning Best Musical is a rollicking, swinging, finger-snapping revue of one of Broadway's most well-crafted shows of all time. "Ain't Misbehavin'" is simply unforgettable!

The 30<sup>th</sup> Anniversary National Tour of the Tony Award-winning musical "Ain't Misbehavin'," starring Ruben Studdard, is a musical revue with a book by Murray Horowitz and Richard Maltby, Jr., music by Thomas Wright "Fats" Waller, and lyrics by various writers. Fats Waller, the outrageously prodigious comic and musical soul of 1930s Harlem, lives on in this rollicking, finger-snapping show that is still considered one of Broadway's most well crafted revues.

Dubbed "The Velvet Teddy Bear" by legendary R&B soulstress Gladys Knight, Ruben Studdard shot to fame in 2003 after winning the TV talent competition

# MOVIE REVIEW

## X-men: Jimmy

By Rob Gonsalves  
www.robsmovievault.com

***X-Men Origins: Wolverine*.** Starring Hugh Jackman and Liev Schreiber. Directed by Gavin Hood. Running time: 107 minutes. MPAA rating: PG-13.

*X-Men Origins: Wolverine* is the sort of thing I would've loved when I was thirteen. Unfortunately, that was 25 years ago. Back then, the claw-fisted mutant Wolverine was my favorite comic-book character. Now my favorite comic-book character is probably Harvey Pekar. Things change. Anyway, at thirteen I would've been so thrilled to see Wolverine in his own movie that I would've forgiven a lot. I might not, however, have responded well to the news that Wolverine's actual name is ... *Jimmy*. Apologies to readers named Jimmy; it's a fine name for anyone else, but Wolverine is not a *Jimmy*. He was always either Wolverine or Logan, the only other name he knew. If he was revealed as Jimmy in any comic published after 1992 or so, I didn't want to know about it.

We also learn that Wolverine — excuse me, *Jimmy* — is at least 170 years old. What did he do all those years? Apparently fighting in every American war, even though he's Canadian, and very little else. This enables director Gavin Hood to re-enact scenes from *Glory*, *Atonement*, *Saving Private Ryan*, and *Full Metal Jacket*, only fought by Jimmy and his equally powerful brother Victor (Liev Schreiber), who has fangs and fingernails sharp enough to shred a car hood. In *Watchmen*, the presence of the godlike Dr. Manhattan won the Vietnam War for us; presumably we would've won in the Marvel universe too, if not for Victor's increasing instability (for a second or two, Hood gets to remake *Casualties of War*).

*X-Men Origins: Jimmy* has a simple plot that's hell to synopsise for the uninitiated. The gist of it is that Jimmy and Victor used to work for a government-spook operation under the shady William Stryker (Danny Huston). Jimmy got sick of it and left. Victor stayed. Jimmy fell in love. That didn't end well. Victor apparently goes rogue and starts killing all the other mutants in the operation. Stryker asks Jimmy to go kill him, and arranges for Jimmy to get an

adamantium skeleton. Adamantium is an indestructible metal alloy. Captain America's shield is also made out of it. The script isn't. Jimmy gets loose and talks to various mutants and discovers various double-crosses. At one point, Jimmy's newly modified claws carve through a defenseless bathroom sink. Sinks cost a lot of money to replace. This is what I was thinking about.

At some point after this movie — this is also what I was thinking about — Jimmy somehow gets a fabulous makeover that shapes his hair into points. This was how he appeared, more or less, in the previous three *X-Men* films, but here he has a floppier mop that isn't even appropriate for the era (late '60s, early '70s), and — you know what? The 13-year-old me would not have been thinking about *hair* after coming home from a Wolverine movie. But this is not a Wolverine movie; this is a Jimmy movie. And not a particularly well-crafted one; at times, the special effects look like something out of a movie the 13-year-old me would've seen back then. Hugh Jackman tries to wring the last drop out of his only franchise — it's not as if his other movies have set the world on fire, despite his charisma and talent — but the script gives him nothing to work with. Even his big emotional arc-changing moment is later withdrawn. The filmmakers should've adapted the Chris Claremont/Frank Miller miniseries *Wolverine*, from 1982. The 13-year-old me loved it, and the Wolverine we met there was far more complex and wounded than the Jimmy we meet here.

### "Jazz in the Gardens"

The Rotch-Jones-Duff House and Garden Museum (RJD) is proud to once again host our annual evening of "Jazz in the Gardens," featuring three of the area's premier high school jazz ensembles, on Tuesday, May 19 at 7:00 pm.

We are pleased to be able to bring this concert to our community free of charge. Dartmouth, New Bedford, and the Old Rochester Regional High School bands and the New Bedford jazz choir will showcase their award-winning music under the tent.

Join us for a special evening to pay tribute to the amazing talent and commitment of these wonderful young musicians, and to enjoy an evening of fabulous live jazz music in a glorious garden setting. Chairs will be provided for your comfort.

The Rotch-Jones Duff House and Garden Museum is the best example of the "brave houses and flowery gardens" described by Herman Melville in *Moby Dick*. Period rooms and exhibits chronicle the social, economic and political evolution of the city, through the families who lived and worked at the House. The Museum is open to the public for tours 10:00 am to 4:00 pm, Monday through Saturday and 12:00 to 4:00 pm on Sunday. Ongoing educational and cultural programs are also offered. For more information, visit online at [rjdmuseum.org](http://rjdmuseum.org) or call the Museum at (508) 997-1401.

Each one of the five members of the ORR Jazz Combo has won individual MPV musicianship awards this season at the various competitions and festivals, and together they have carried on the strong jazz tradition at ORR, by winning a Gold Medal at the M.A.J.E. Jazz Combo Festival in Worcester last month. These talented sophomore and junior musicians are self-directed, and have arranged their own selections! They have been invited to perform at the Heritage Museum, in Lexington, on May 16th, and will be part of the ORR Jazz Band performing at the Rotch Jones Duff House in New Bedford on May 19th!

The presenters were, (top left) Fred Underhill displaying items from Stillwater Furnace, (top right) Henry Hartley showing pictures of local Native Americans, Cindy Underhill (spouse of RHC member) talking about the early cranberry industry, and (bottom left) Betty Beaulieu explaining about the early schools in Rochester and (bottom right) Anna White showing artifacts from early churches, food and dress.

Sippican Historical Society is delighted once again to help sponsor Marion's annual Arbor Day celebration, to be held on Saturday, May 9 from 9 - 12. Organized by the Marion Tree Committee and Sippican Lands Trust, and co-sponsored by the Marion Garden Discussion Group, Marion Natural History Museum and the Town of Marion DPW, the focus of the day's event is a town wide cleanup. From the rallying point at Marion's Music Hall, participants will be provided gloves and bags, and then directed to designated locations to clear the trash and other debris left in winter's wake. This endeavor not only builds community spirit, but also reminds everyone involved how fortunate we are to live in such a lovely town, and how important it is to act consciously to preserve its natural assets. Funds raised for the Arbor Day event also serve the ongoing and critical purpose of maintaining the Marion park system through the Parks Committee Fund. The Sippican Historical Society has long been dedicated to historical preservation throughout Marion, and is pleased to support the town's natural environmental preservation, as well. SHS encourages individuals, families and neighborhoods to participate in this vital effort.

## SALOME'S STARS

**ARIES** (March 21 to April 19) You might be tempted to be more assertive when dealing with a job-related matter. But a carefully measured approach works best at getting the cooperation you're looking for.

**TAURUS** (April 20 to May 20) While others urge you to act now, you instinctively recognize that a move at this time is not in your best interests. You should know when to do so by week's end.

**GEMINI** (May 21 to June 20) A busy schedule keeps you on the move for much of the week.

But things ease up by the time the weekend arrives, allowing you to reconnect with family and friends.

**CANCER** (June 21 to July 22) Travel dominates the week, and despite some delays in getting to where you want to go, the overall experience should prove to be a positive one in many ways.

**LEO** (July 23 to August 22) Your Leonine self-confidence comes roaring back after a brief period of doubt and helps you get through a week of demanding challenges and ultimately emerge triumphant.

**VIRGO** (August 23 to September 22) Virgos who have made a major commitment -- personal or professional -- should be able to tap into a renewed reservoir of self-confidence to help them follow through.

**LIBRA** (September 23 to October 22) You could soon receive news from a surprising source that could cause you to change your mind about how you had planned to deal with an ongoing job-related problem.

**SCORPIO** (October 23 to November 21) A surprise move of support from a colleague who has never been part of your circle of admirers helps influence others to take a new look at what you've put on the table.

**SAGITTARIUS** (November 22 to December 21) While a bold decision to take an "I know what I'm doing" approach impresses some colleagues, it also raises the risk of causing resentment among others.

**CAPRICORN** (December 22 to January 19) A misunderstanding 'twixt you and a friend might not be your fault at all, despite what he or she suggests. Talk it out to see at what point the confusion might have started.

**AQUARIUS** (January 20 to February 18) Getting into a community operation fulfills the Aquarian's need to help people. It also can lead to new contacts that might one day help you with a project.

**PISCES** (February 19 to March 20) A minor problem could delay the start of a long-anticipated trip for two. Use the time to recheck your travel plans. You might find a better way to get where you're going.

**BORN THIS WEEK:** You are a dedicated romantic who seeks both excitement and stability in your relationships.

### Tri-Town Bike Ride Benefit

This year's Third-Annual PMC Kids Tri-Town Ride expects 350 children ages 3-15 to ride their bikes on a looped course on the grounds of Old Rochester Regional Junior High School in Mattapoisett. There will also be an obstacle course suitable for riders with tricycles or training wheels.

The PMC Kids Tri-Town Ride will start at 9:45 am on Saturday, May 16 at Old Rochester Regional Junior High School in Mattapoisett. There is a \$10 registration fee that includes food, a t-shirt and a water bottle. Fund-raising is encouraged, but there is no minimum dollar amount. Contributions can be made payable to the Pan-Mass Challenge. For more information, to register for the ride, or to volunteer, go to [kids.pmc.org/mattapoisett](http://kids.pmc.org/mattapoisett).

The Tri-Town Ride was begun by local residents and is spearheaded by Kathy Gauvin and her family.

Celebrating the conclusion of the Tri-Town Ride, there will be a party for participants and volunteers that will include food, music, refreshments, face painting, raffle items, and more.

The benefit hopes to raise \$15,000 with the proceeds benefitting the Pan-Mass Challenge, which supports cancer research and treatment at Dana-Farber Cancer Institute through its Jimmy Fund. PMC Kids Rides have raised nearly \$500,000 since 1998 when the first unofficial PMC Kids Ride began. PMC Kids Rides involve young people in volunteerism and charitable giving, while providing a safe and fun opportunity for them to become involved in the PMC mission.

The Pan-Mass Challenge is a 192-mile bike-a-thon that draws over 4,000 cyclists from 30 states and six countries to ride across Massachusetts to raise millions of dollars for cancer research and treatment for Dana-Farber Cancer Institute through its Jimmy Fund. Now in its 30<sup>th</sup> year, the PMC generates nearly 50 percent of the Jimmy Fund's annual revenue. It is the most successful athletic fundraising event in the nation, as it raises and contributes more money to charity than any other. It is also the most efficient. In 2008, the PMC donated \$35 million—99 cents of every rider-raised dollar-directly to the Jimmy Fund. This year's PMC event is scheduled for August 1 and 2.

## Mattapoisett Rail Trail

Please come to Mattapoisett Town Meeting, May 11-12 and vote to pay for the design of the next section of the bike path. There are two articles: Article 13 and Article 18. The difference is the source of money, not the purpose. Together the articles fully pay for the Mattapoisett Rail Trail design and guarantee that construction funds reserved for the project will remain available. If the Town votes to completely pay for the design of the next phase, construction can be started at the earliest possible date. The purpose of Article 13 transfers funds from Free Cash. Article 18 transfers funds from the Community Preservation fund. Both articles are supported by the Finance Committee.

Thank you to all of our Mattapoisett Rail Trail supporters. The Friends hope everyone will continue to enjoy the many benefits of the path. Private fundraising continues and our anonymous benefactor is still matching and doubling every contribution. Checks are payable to "Friends of the Matt Bike and Rec Path" PO Box 1336, Mattapoisett, Massachusetts 02739. 100 percent of your donation goes to the design fund. Our next event is for all you poker players: Texas Hold'em on Friday, May 15 at the Café Funchal in New Bedford. \$60 buy-in. Registration is at 6:00 pm and the game starts at 7:00 pm at 123 Church St., New Bedford.

The Friends are raising money to help the Town of Mattapoisett pay for the design of the rail trail. The next section (Mattapoisett Neck Road to Depot Street) is scheduled for 2011 – but only if we pay for design. A favorable vote on two Town Meeting Articles plus private fundraising by the Friends will keep 1.95 million construction dollars in place for our project.

Our web site is up and running at mattapoisetttrailtrail.com. There's lots of information about the trail – including a map and directions for riding bikes to the path - without going on Route 6.

the fourteenth season of spring walking tours.

The tours are given in four different areas: the "Poverty Point" or Oxford neighborhood, the town center, Fort Phoenix and River-Side Cemetery. On each walk, stories are told about the people and events of the particular area while seeing the places where the history actually took place. Each of the walks lasts about 90 minutes. They are held weather permitting. The tours are presented free of charge. For more information about the tours, or for directions, call (508) 979-4085.

- Poverty Point Walking Tour, Saturday, May 9. Begins at Old Stone Schoolhouse, 40 North St. at 2:00 pm. Take a guided, 90-minute walk through what was one of the earliest village settlements in Fairhaven. Learn about Manjiro Nakahama, Capt. Joshua Slocum, Elder Joseph Bates and more. The Old Stone Schoolhouse will be open for viewing before the tour. Guide: Christopher Richard.

- Fairhaven Center Walking Tour on Saturday, May 23. Begins at Leonard E. Pierce Memorial Park, corner of South and Fort streets, Fairhaven at 2:00 pm. This guided, ninety-minute walk in Fairhaven center highlights the histories of some of the homes and buildings dating from the 1830s to the beginning of the 20<sup>th</sup> Century. Learn about Henry H. Rogers, the Delano family, churches, "moving houses" and more. Guide: Christopher Richard.

- Riverside Cemetery Tour, Sunday, May 24. Starts inside the main gate of River-Side Cemetery, 274 Main St., Fairhaven 2:00 pm. Created in 1850 by Warren Delano II, the grandfather of President Franklin Delano Roosevelt, this is one of the most beautiful rural-style cemeteries in Massachusetts. The tour visits the final resting places of some of the town's most prominent people. The Rogers mausoleum and the Delano family tomb are also on the route. You'll also see lovely examples of early tombstone art as you walk along the beautifully landscaped paths. This tour includes walking on uneven ground. Comfortable walking shoes are suggested. Guide: Sandy Main.

- Fort Phoenix Minuteman Tour, Saturday, May 30. Starts at Hurricane Barrier, Fort Street, Fairhaven at 2:00 pm. Listen to an authentically dressed colonial

## ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

**A PRAYER TO THE BLESSED VIRGIN**  
O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God. Immaculate Virgin assist me in my necessity. O Star of the Sea, help me and show me here you are my Mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to secure me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin pray for us who have recourse to thee (3 times). Holy Mary, I place this cause in her hands (3 times). Say this prayer for three consecutive days and then you must publish; it will be granted to you. G.L.
